Installation Guide
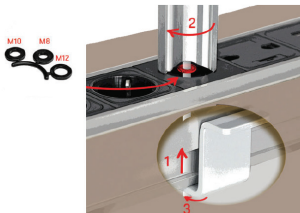

Drop the box to the pre-cut table.

Ensure the box is sitting flush on the table.

Apply the 4 mounting clips to the box accordingly.

Additional Mounting for Monitor Arm

1. Lead the screw from the bottom through the bracket and line by using the reduction-ring (M10/M8/M12).

2. Fix the mount to screw and bring it into position.

3. Use a suitable tool to mount the monitor arm.
